

June 30, 2010

Setting the standard for a sustainable future.

Hines is one of the world's leading owners, developers and managers of sustainable real estate.

Energy Management*

MARGIN OF PERFORMANCE EFFICIENCY

35.2%

AVERAGE ANNUAL ENERGY COST SAVINGS (PSF)

\$1.20

TOTAL ESTIMATED ANNUAL GHG EMISSIONS AVOIDED (IN METRIC TONS)

509,213

For more than half a century, Hines has championed sustainable practices and technologies, demonstrating that a sustainable approach to real estate makes good business sense and creates genuinely better places for people.

That commitment has translated into significant cost savings and more productive workplaces for tenants, more valuable properties for investors and a healthier planet for everyone.

Hines is a founding member of the German Sustainable Building Council and the Russian Green Building Council and is active in the Brazilian, Indian, Italian, Spanish and U.S. Green Building Councils, the BRE Environmental Assessment Method program in the United Kingdom, the Haute Qualité Environmental program in France.
